About CEED

Centre for Environment and Economic Development (CEED) is a Research and Knowledge Centre, Affiliated to NITI Aayog, Govt. of India, working for the Greater South Asian Region and its secretariat is based in Delhi, India, has just opened its Kolkata Chapter. CEED starts with broad objectives & vision to Promote Research, Advocacy, Education and sharing knowledge through publication, outreach programme and partnership for sustainable and cognitive development of the Region. CEED works through partnership and sharing knowledge with multi-level crosscutting issues of Environmental Protection, Socio-Economic Development, and Humanitarian dimension. It focuses more on Research and its uniqueness lies in its comprehensive Policy level research intervention and cooperation, for the long term idea of sustainable development of the South Asian region. The research based organization works in a wide spectrum related to arena of NRM/ Water Recourse Management, Disaster Risk Reduction (DRR) & Management, WASH (Water, Sanitation & Hygiene), Climate Change, Urban Environmental Management and prevailing issues of Humanitarian dimensions, Livelihood development, Capacity Development, Human Right Advocacy, Community Development and Governance in the region. The main objectives of CEED to develop applied policy research for developing a network of partnership to make vulnerable communities resilient to prevailing situation and way forward to

development. CEED adopts a community based approach, indigenous technology to empower communities through awareness, training and education. CEED from the beginning places more emphasis and focus on women and child issues and remains dedicated to their integrated sustainable development.

Women's Christian College, Kolkata

Women's Christian College is an undergraduate college for women in south Kolkata, West Bengal, India. It has been rated as a Grade 'A' college by the National Assessment and Accreditation Council, an autonomous organization that evaluates post-secondary academic institutions in India. It operates under the aegis of the Bengal Christian Council, an autonomous interdenominational Christian body that draws from the best practices of rival Christian denominations in administering educational institutions in West Bengal. In legal terms, it is a Grant-in-Aid college that is affiliated to the University of Calcutta and is aided by the University Grants Commission, New Delhi.

Importance of ICT & E-Learning Module

"Smart technology" is the familiar terminology that is widely being used in every being's life. Smartphones, tablets, gadgets, smart televisions, etc., are the products of smart technology that have made human life smarter, easier and accessible. Smart technology has not only enhanced the way of living but also became an

integrated part of everyone's life. The Information and Communication technology to be precise has become a driving force behind economic growth and a developmental tool as well. It is an extended term for Information technology which is a technological source to make information available at the right time, right place in the right form to the right user. Earlier, one had to wait for the newspapers to get information across the world. Now with the smarter technology, information can be accessed from anywhere using smartphones and gadgets. All this is made possible with the help of Information and Communication Technology. Information technology has been influencing our lives in the recent years in the fields of education, healthcare, and business. Going an extra mile, Information and communication technology in higher studies has had a major impact. Therefore the basic importances of ICT learning are.

- It offers a wide variety of services.
- It is reliable, flexible and provides interactive learning experiences.
- It motivates students to learn and facilitates communication and promotes creativity.
- It also provides access to the digital library where information can be retrieved and stored beyond textbooks.

Thus the use of ICT in education adds value to teaching and learning, by enhancing the effectiveness of learning. It added a dimension to

learning that was not previously available. After the inception of ICT in higher studies, students found learning in a technology-enhanced environment more stimulating and engaging than in a traditional classroom environment.
